Launched in 2018 at the Paris Peace Forum, the IFFAC is a €100 million impact investment fund focused on creative businesses in the fashion and lifestyle industries in Africa.

The Fund is managed by Roberta Annan Capital Partners (RACP), and is a collaboration between the International Trade Centre's (ITC) Ethical Fashion Initiative and the African Fashion Fund (AFF).

The Fund aims to identify top talent in African creative industries and improve the success rates of these entrepreneurs by providing funding and support, and access to mentorship and skills development.

It also strives to highlight and export Africa's rich and diverse culture and artistry, and to improve the global positioning and integration of African artists through participation in major global events.
