Are you a Nigerian or South African citizen between the ages of 21-25 and would like to join the #GlobalCitizen family?

Then here is your chance to be a part of the Global Citizen Fellowship Program!

Powered by **Beyoncé's** BeyGood and funded by **Tyler Perry**, the Global Citizen Fellowship Program is an in-depth work experience opportunity aimed at skills development and empowering African youth. Over the last three years, Global Citizen and BeyGood have been helping to enrich young lives through this Africa-based fellowship program.

Since 2018, Global Citizen has welcomed 10 fellows each year from South Africa to be part of the program which sees them receive hands-on training, skills development, and work experience. For this year's fellowship program, Global Citizen will be accepting 10 fellows from South Africa and five from Nigeria to be part of the year-long experience. Each will be provided with the skills and resources needed to help them secure work beyond their time with Global Citizen. The curriculum is designed to equip fellows with the skills and tools they need to thrive — not only during their time with Global Citizen, but also in any future endeavours.

The fellows are trained on using digital technology for social change, creating impactful storytelling that shifts attitudes, the importance of building lasting professional relationships, and the role of innovation in a constantly changing world.
