As the saying goes, nothing in life is constant except change and the Rocket Creative team have just made a significant operational change and relocated to an upgraded office park environment in Eastgate Ext 6, Sandton.

Explains Richard Nilson, company founder and MD, "We chose to relocate for a number of reasons, but one of the top priorities was being the more central proximity to some of our core clients and trade suppliers alike. Other factors included a more focus and controlled operating environment as well as improved overheads, a deciding factor for any business wishing to remain competitive in today's unrelenting business climate."
