

The new Mercedes-Benz GLC luxury lifestyle SUV launches in South Africa

The luxury lifestyle SUV family from Mercedes-Benz is now available in South Africa. The GLC is distinguished by its dynamic and striking look, luxurious appeal, cutting-edge digitisation and economical and sporty driving performance.

The first South African lineup will include the GLC 220 d, GLC 300 d, and GLC 300, all of which will be upgraded by mild-hybrid technology.

The body design features a complete, spanning surface design with perfectly sculpted edges on the sides. These emphasise the proportions, draw attention to the powerful wheel arches and strike a balance between elegance and off-road capability.

The GLC 220 d costs R1,211,220, the GLC 300 d costs R1,410,194 and the GLC 300 is yet to be confirmed. Pricing includes a five-year/100,000 km PremiumDrive Platinum service and maintenance plan, as well as CO2 tax.
