

Tarsus On Demand welcomes new MD Senzo Mbhele

Senzo Mbhele, currently head of innovation and employee experience at Tarsus Technology Group, has been appointed managing director of Tarsus On Demand (TOD).

This follows the resignation of Anton Herbst, former CEO of TOD and Tarsus Technology Group (TTG), who departs both roles at the end of February 2023.

Having previously held various roles at technology and consulting firms, Mbhele joined TTG in 2016, leading proactive approaches to employee well-being in the organisation.
