

Swish announces appointment of Stephen Grech as CEO

Mobile commerce solution provider, Swish Payments Ltd, today announced the appointment of Stephen Grech as CEO. In this role, Grech will be responsible for the overall business strategy and direction for Swish, as the mPOS provider continues the global expansion of their white label mobile commerce solution.

Stephen Grech has more than 23 years of experience in the financial services sector, with a specialisation in the card business, payments and e-commerce. In the last 10 years, Grech has specialised in project management and the establishment of new operations within these sectors. He also holds a master's degree, specialising in e-Commerce from the University of Kent (UK) and is an associate of the Chartered Institute of Bankers.
