

The EXSA 2006 Awards Banquet

The 2006 EXSA Awards Banquet, which took place on 15 November 2006 at Gallagher Estate, brought to the fore the outstanding efforts of its members over the past year.

The evening, a tribute to the 1920s, brought back a time when jazz was at its height and prohibition and organised crime defined the era. Guests were entertained by large scale décor that was topped off with a genuine 1929 Chevy which succeeded in turning back the clock. All of EXSA's 330 guests decked themselves out in true 1920s style to celebrate the culmination of yet another prosperous year in the exhibition industry.
