

12 SA premiere screenings to lineup at 2020 European Film Festival

The European Film Festival will be held virtually this year with a lineup of twelve brand new films, all of which are premiere screenings in South Africa.

The festival is accessible online across South Africa only. The film screenings are free, except for *I am Greta*, whose entry fee of R50 serves as a fundraiser for a climate action group.

The full programme of screenings and events can be seen [here](#).
