

Boomerang.africa - WhatsApp templates increase engagement and conversion rates

Issued by [Techsys Digital](#)

2 Oct 2020

As an **official Facebook ISV**, we build WhatsApp platforms to drive conversations, engage consumers and offer support.

Our rich media template feature allows companies to send quick menus, images, videos and PDFs to their customers. In addition to this businesses now also have access to sending template messages that contain locations, quick reply functionality and call-to-action buttons.

Benefits of media templates

1. Decreased cart abandonment or drop-offs
